

Non-Spark Fiberglass Square Shovel

Non-spark safety shovels reduce the risk of sparks during a spill clean-up.

These environmental safety shovels are manufactured from polypropylene and are light, safe and easy to use in a spill clean-up. Prior to use wipe the shovels with a damp cloth to reduce surface static.

Applications:
The deep pan and large blade provides extra capacity and is ideal for handling bulky but lightweight materials.

- Product Features:**
- Lightweight, easy to use
 - Reduces the risk of sparks during a spill clean-up operation
 - Tough and durable, resistant to oils, fuels and most chemicals
 - Rot and rust proof construction, virtually unbreakable
 - High-grade polypropylene color compounded to BS 5378 safety green
 - Ideal for inclusion in spill kits
 - Non-stick
 - Excellent wear resistance against concrete and hard floor surfaces.
 - Can be used/stored in temperatures from -30°C to + 80°C

Availability:

IMPA	Product Description	Unit
615961	Non-Spark Fiberglass Square Shovel	Pc

Technical Specifications:

Size	1040mm x 290mm x 445mm
