

# PTFE Electric Tape

CVS® PTFE Electric Tape is made of PTFE coated fiberglass fabric and silicone adhesive.

**Applications:**  
Ideal for hot melt machine, motor, high and low voltage electrical products, as well as for wires and cables insulation protection.

- Product Features:**
- Excellent electrical insulation
  - Excellent thermal insulation
  - Non-stick smooth PTFE surface with low coefficient of friction
  - Resistance to various chemical corrosion
  - Anti-static

**Technical Specifications:**

Temperature Resistance up to	260°C
------------------------------	-------

**Availability:**

IMPA	Product Description	Size	Unit
795455	PTFE Electric Tape	0.25mm x 100mm x 10m	Roll

**Disclaimer**  
Accuracy of all technical data and information are provided to the best knowledge of the manufacturer. Properties, specifications and application parameters are subject to change without notice. The manufacturer does not undertake any liability of any kind whatsoever.
