

# Packing Hook Set

**The shank consists of one inner spiral shaft wrapped with an outer spiral of steel wire laid in the opposite direction.**

The flexible shaft has a solid handle and the hook is carefully tempered and pointed.

#### Applications:

Perfect labor saving tool for removing used packing materials from pumps and valves. Flexible design allows access around obstructions and into hard-to-reach areas.

#### Availability:

| IMPA   | Product Description | Unit |
|--------|---------------------|------|
| 612004 | Packing Hook Set    | Set  |

#### Disclaimer

Accuracy of all technical data and information are provided to the best knowledge of the manufacturer. Properties, specifications and application parameters are subject to change without notice. The manufacturer does not undertake any liability of any kind whatsoever.
